ACADEMIC RESEARCH

Approaches to Geographic Research, Interdisciplinary Inquiry

Spring 2016

- Used open source GIS and SPSS software to analyze data on 3 projects with a strong attention to detail
- Created and delivered presentation to cohort of 15 students including a best-practices guide resulting in positive feedback from classmates

Conservation and Sustainable Development, Environmental Impact

Fall 2015

- Researched impact of urban growth and development in different areas with an interdisciplinary team of 4 peers under the guidance of a professor
- Developed a range of creative solutions to propose to local developer with pending project in densely populated area of Seattle
- Presented research finding in 20-page report and meeting to a group of key stakeholders, including professional staff and faculty

LEADERSHIP EXPERIENCE

Committee Member, Building Design User Group, UW Bothell

Summer 2016

- Participated in 8 'space' planning meetings for the design and programming of a new building on the University of Washington-Bothell campus
- Voiced student opinion on space needs to architects, lab planners and UWB faculty and staff to ensure student positions on the issue were heard
- Input resulted in a reorganization of the design plans to incorporate more social space and food options for students, faculty, and professional staff

ADDITIONAL EXPERIENCE

Sales Associate, Nordstrom

April 2016-Present

- Uphold exemplary customer service by helping customers find desired items and recommending products
- Collaborate with team of 22+ people to ensure flow of customers by taking payment of merchandise to end sales and maintain product stock on floor at all times
- Take inventory of stock in warehouse to update books when shipments are received or sent
- Answer phone calls and respond to customer's emails in a professional and timely manner

Camp Counselor, Best Sound Summer Camp

Summer 2015

- Led group of 5 campers, ages 10-14, through camp activities to build teamwork in a fun, interactive environment that fostered student development
- Collaborated with other counselors to create a variety of engaging activities, including new marine life exploration module
- Created safe learning environment by enforcing safety policies and obtained CPR and First Aid certification
