

Welcome back to the office!

With a goal of helping everyone to feel comfortable in their own office, folks can place a sign on the office door or hallway window to communicate mask preference. This makes it clear to people coming by without needing to have a conversation or remember everyone's preference for their own office.

Along the same lines, please respect the posted preference when approaching another's office. There is a range of comfort levels and personal reasons around returning to the office, and this is one small thing you can do to help.

Thank you for showing care & respect for your coworkers!
