## **[Required] Executive Summary of Your Proposal**

Please provide a concise overview of the program, activity, or service for which you seek funding.  
\*Remember that the contingency process is for new ideas/initiatives only, all other requests must be made during the Annual Cycle.

The fitness center on campus moved from UW2 over to Husky Hall and opened for autumn quarter 2013. In the past, cable for the fitness center has been included in general university costs. With this move, it has come to our attention that the university will no longer be covering the cost of cable in the new space, which makes the cost a new service students would be funding through SAF.

**[Required] Need for this Program/Service**

*In 200 words or less, please do the following:*

*--Describe the need for this program or service.*

*--If possible, include any data that might support your proposal (i.e. surveys indicating a need for your initiative).*

When the fitness center moved from its original location in UW2 over to Husky Hall, much of the equipment was updated with screens, as well as the purchase of new equipment with screens. All of these screens need cable to actually be functional. Without the funding from the university, students are left with inoperable equipment. Adding cable to the fitness center would make the equipment work as it is intended.

**[Required] Estimate number of students that will benefit from your proposed program/service**

*In 200 words or less, please do the following:*

*--Indicate what the benefits of your proposed program for students will be.*

*--Estimate how many currently enrolled students will likely benefit from your proposed service or program.*

*--Estimate the number of any other individuals (and indicate their affiliation) that might benefit from this service or program.*

There has been increased use of the fitness center over previous years with this move to a new location. Every fee paying student has access to the fitness center.

**Additional Information**

*If needed, please include any other information you feel is relevant to your request. (There is no character limit on this field.)*

There have been several student requests to get the cable connected in the fitness center, and several students have approached me to ask when it will be connected. When asked what they would like to see in the fitness center, one student said "I miss the tv's in the old center."
