The UW Bothell Debate Society is a combination of a debate club, debate team, and debate program housed within the UW Bothell IAS program. Debate team and debate club will work in collaboration to form the Debate Society while a 1-

3 credit debate course is available through the IAS program for additional training opportunities. The Debate Society as a whole will be a uniquely structured program and provide opportunity at all levels. A student must be a member of the Debate Club in order to be a member of the Debate Team.

If your program is currently funded by SAF, please indicate how you have used the money to help your organization meet its goal(s).

The UW Bothell Debate society aims to develop student skills in speech and argumentation while becoming a regionally and nationally

competitive debate team. This student centered program will provide opportunities to develop skills in competitive speech, communications and critical discourse, and argumentation. We are currently serving 37 members and look forward to growing in the future. All are welcome to join the society, with no prior experience necessary.

How do you plan to assess the program or service?

How do you plan to track the effects of this program or service?

For example, how would track how the event/program/service went? How would you track how successful it was and what you could change in the future?

At the end of the year students will have an opportunity to complete an online survey sharing their experiences in the Debate Society using both quantitative and qualitative questions for the assessment.

The UW Bothell Debate Society student-centered program will provide avenues for intercollegiate competition at the local, regional and national level.

In consistent with Glenda J. Treadaway the benefits of participation in Debate can be showcase in these four reasons;

1. Enrich, support and add to the formal academic curriculum
2. Foster opportunities for students to develop to their fullest potential and to provide for their physical and emotional well-being
3. Provide a forum for students to use skills gained in the classroom (i.e. critical reasoning, writing, speaking, organizing, and analyzing) other settings.
4. Enhance the College's reputation.
